

ink project

The team at Ink Project would like to provide a Testimonial to TenderSearch.

TenderSearch is going well for us Karen, true to your word we receive regular notices regarding upcoming tender opportunities that we are eligible to tender for.

TenderSearch has been a contributing partner in expanding Ink Project, a Sydney based Brand Communications Agency, by keeping us informed of all tender opportunities throughout Australia as soon as they are advertised. Giving us the edge over our competitors.

TenderSearch has made sure we are never left alone once the opportunity hits our desk by having access to The TenderSearch Help Bid Line, and also being able to speak to our Queensland Consultant Karen Baker at any time.

A simple phone call to TenderSearch has freed us to concentrate on expanding our business and best serving our clients. TenderSearch has checked with us on a regular basis to see if their search categories still reflect our commercial interests and asked us if there is any other service that they can offer to us.

Thank you to Karen Baker, our TenderSearch Queensland Manager and your great team, and Thank you to TenderSearch!

Yours sincerely

David Taylor  
**Managing Director**
